### SUMMARY

As a passionate web developer, I am proficient in **HTML, CSS, JavaScript, and ReactJS**, as well as backend technologies like **MongoDB, Express.js, and Node.js**. I am eager to leverage my skills to create dynamic and engaging web applications. I thrive in fast-paced environments and am enthusiastic about contributing innovative solutions and collaborating effectively with team members to deliver high-quality projects.

### TRAINING & CERTIFICATION

MERN Stack Development

Error Makes Clever

📅 2024 - Present

**CERTIFICATE**

- Proficient in HTML & CSS for structuring web content & Styling and Layout
- Competent in JavaScript for interactive web elements.
- Experience with React for building dynamic and efficient user interfaces.
- Using MongoDB, Express.js, and Node.js, I develop backend systems that efficiently connect servers, share data, and manage data storage.

### PROJECTS

Bulk Mail - Easy to Mail

Technologies: React JS, Tailwind CSS, Mongo DB, Express JS, Node JS, API

**Bulk Mail**

- Frontend Technologies:** Utilized React with React Router and React Hooks to create a dynamic and responsive user interface.
- Backend Operations:** Implemented backend functionalities with Express.js and Node.js, ensuring smooth server-side operations.
- Database Management:** Employed MongoDB for efficient data storage and retrieval, enabling seamless handling of bulk mail data.

ACTODO - Your Daily List

Technologies: React JS, Tailwind CSS, JavaScript

**Actodo**

- React-Based Task Management:** Actodo utilizes React to power its task management functionality.
- Smooth Navigation with React Router:** Seamless transitions between sections are enabled by React Router integration.
- Streamlined State Management with React Hooks:** Actodo employs React Hooks for efficient state management, ensuring a manageable codebase.
- Responsive Design for Any Device:** Its responsive design guarantees usability across various devices, facilitating intuitive task organization.

### GreenDen - Pick Your Favourite Plant

Technologies: HTML, Tailwind CSS, JavaScript, React JS

**GreenDen**

- Responsive Design:** Ensured the website is fully responsive and looks great on all devices, including desktops, tablets, and smartphones.
- Styling and Design:** Applied Tailwind CSS for efficient and consistent styling across the website.
- Feature Implementation:** Developed and integrated search functionality using JavaScript.
- Responsive Design:** Ensured the website is fully responsive, providing a seamless experience on all devices.
